Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

A 1 following a place name indicates that the place is coterminous with a US FIPS CD, i.e., it is a "red dot" place.

A 2 following a place name indicates that the place is coterminous with a tribal census tract defined within a federally recognized American Indian reservation or off-reservation trust land for the purpose of providing data based on an American Indian household.

A 3 following a place name indicates that the place is coterminous with an off-reservation trust lands cross state or county boundaries, the same as a 2, but without national recognition.

A 4 following a place name indicates that the place is coterminous with the boundary, and if so, constitutes a single tribal census tract entity.

A 5 following a block number indicates that the block number is repeated elsewhere in the block.
